

MANOJ YADAV K N

■ 7013387973 | ✉ ■ mayayadav02012002@gmail.com | Chittoor, Andhra Pradesh

PROFILE

Detail-oriented Computer Science Engineering student with hands-on experience in data quality analysis, manufacturing operations, ML & DL and production optimization. Skilled in Python, SQL, Power BI, and Excel with strong analytical and problem-solving abilities. Seeking an entry-level role to contribute to data-driven and technology-focused teams.

SKILLS

Programming & Databases:

Python, SQL

Machine Learning & Frameworks:

Machine Learning, Deep Learning, Scikit-learn, TensorFlow, Keras, Django

Data Analysis & Visualization:

Pandas, NumPy, Power BI, Tableau, Microsoft Excel

Tools & Engineering:

CATIA V5, Lean Manufacturing, VS code

Soft Skills:

Communication, Problem-Solving, Analytical Thinking

PROFESSIONAL EXPERIENCE

Machine learning & Deep learning Intern | Mentorly, Hyderabad (Nov 2025 to Mar 2026)

- Developed machine learning models for loan prediction in the banking domain using real-world datasets
- Applied ensemble techniques and data balancing methods (SMOTE) to improve model performance
- Performed data pre-processing, feature engineering, and model evaluation using key metrics
- Gained hands-on experience in end-to-end ML workflow and financial data analysis

AI Data Quality Analyst Intern | Rooman Technologies, Bengaluru (May 2025 – Jul 2025)

- Validated and cleaned AI training datasets ensuring over 98% accuracy.
- Identified inconsistencies in structured and unstructured datasets using Python (Pandas) and Excel.
- Collaborated with data engineering teams to improve pre-processing workflows and model performance

Production Operator | SASMOS HET Technologies Ltd., Bengaluru (Nov 2021 – Jul 2022)

- Achieved 95% efficiency by consistently exceeding production targets.
- Applied lean manufacturing techniques reducing production cycle time by 15%.
- Supported continuous improvement initiatives to enhance productivity and quality.

In-Plant Trainee | KEIHIN FIE Pvt. Ltd., Bengaluru (Nov 2019 – May 2020)

- Worked on CV Carburetor, Throttle Body, and Fuel Injection Assembly lines.
- Gained hands-on exposure to manufacturing processes and quality standards.

PROJECTS

LOAN PREDICTION IN BANKING USING ML AND DL

- Developed an end-to-end ML/DL model for loan approval prediction in the banking domain
- Utilized ensemble learning methods and data balancing techniques to improve model performance
- Conducted data cleaning, transformation, and feature selection for optimized results
- Achieved effective prediction outcomes through model evaluation and optimization techniques

EDUCATION

B.Tech – Computer Science & Engineering | Vemu Institute of Technology, JNTUA – 2026(75%)

Diploma – Mechanical Engineering | Dr. YC James Yen Govt. Polytechnic – 2020 (76%)

SSC | Sarojini English Medium High School – 2017 (80%)

CERTIFICATIONS

Python | R Programming | CATIA V5 | Solid Edge | Cisco IT Essentials

LANGUAGES

English, Telugu, Tamil, Kannada
