Executive Summary

Detail-oriented Computer Science Engineering student with hands-on experience in machine learning, AI data quality analysis, and data-driven problem solving. Skilled in Python, SQL, TensorFlow, Power BI, and data analysis with strong analytical and collaboration abilities. Experienced in predictive ML models, AI dataset validation, and operational workflow optimization.

Technical Skills

Programming Languages: Python, SQL

Tools & Software: Power BI, Tableau, Microsoft Excel, VS Code, CATIA V5

Databases: SQL Databases

AI/ML Technologies: Machine Learning, Deep Learning, Scikit-learn, TensorFlow, Keras, Django, Pandas, NumPy

Soft Skills

Communication & Teamwork | Problem Solving | Analytical Thinking | Adaptability | Time Management

Languages

English, Telugu, Tamil, Kannada

Professional Experience

Mentorly, Hyderabad | Machine Learning & Deep Learning Intern | Nov 2025 – Mar 2026

- Developed loan prediction ML models using banking datasets and ensemble learning techniques.
- Applied SMOTE balancing, preprocessing, feature engineering, and evaluation metrics.
- Worked on end-to-end ML workflows using Pandas, Scikit-learn, and TensorFlow.
- Collaborated on optimizing deep learning model performance and predictive accuracy.

Impact: Improved model reliability and prediction accuracy through optimized workflows and balancing methods.

Rooman Technologies, Bengaluru | AI Data Quality Analyst Intern | May 2025 – Jul 2025

- Validated and cleaned structured and unstructured AI datasets for quality assurance.
- Used Python (Pandas) and Excel for preprocessing, analysis, and consistency checks.
- Collaborated with engineering teams to improve AI training data workflows.

Impact: Ensured over 98% dataset accuracy and improved preprocessing efficiency.

Education

B.Tech – Computer Science & Engineering, Vemu Institute of Technology, JNTUA – 2026 | **75%**

Diploma – Mechanical Engineering, Dr. YC James Yen Govt. Polytechnic – 2020 | **76%**

SSC, Sarojini English Medium High School – 2017 | **8.0 CGPA**

Awards & Accomplishments

Python Certification | R Programming Certification | CATIA V5 Certification | Solid Edge Certification | Cisco IT Essentials Certification
